### IKKE LA OVEROPPHETING BLI ET PROBLEM!

Overoppheting av motoren – noe må gjøres før det er for sent. Dårlig ytelse og, enda verre, alvorlige skader på motoren som fører til svært dyre reparasjoner.

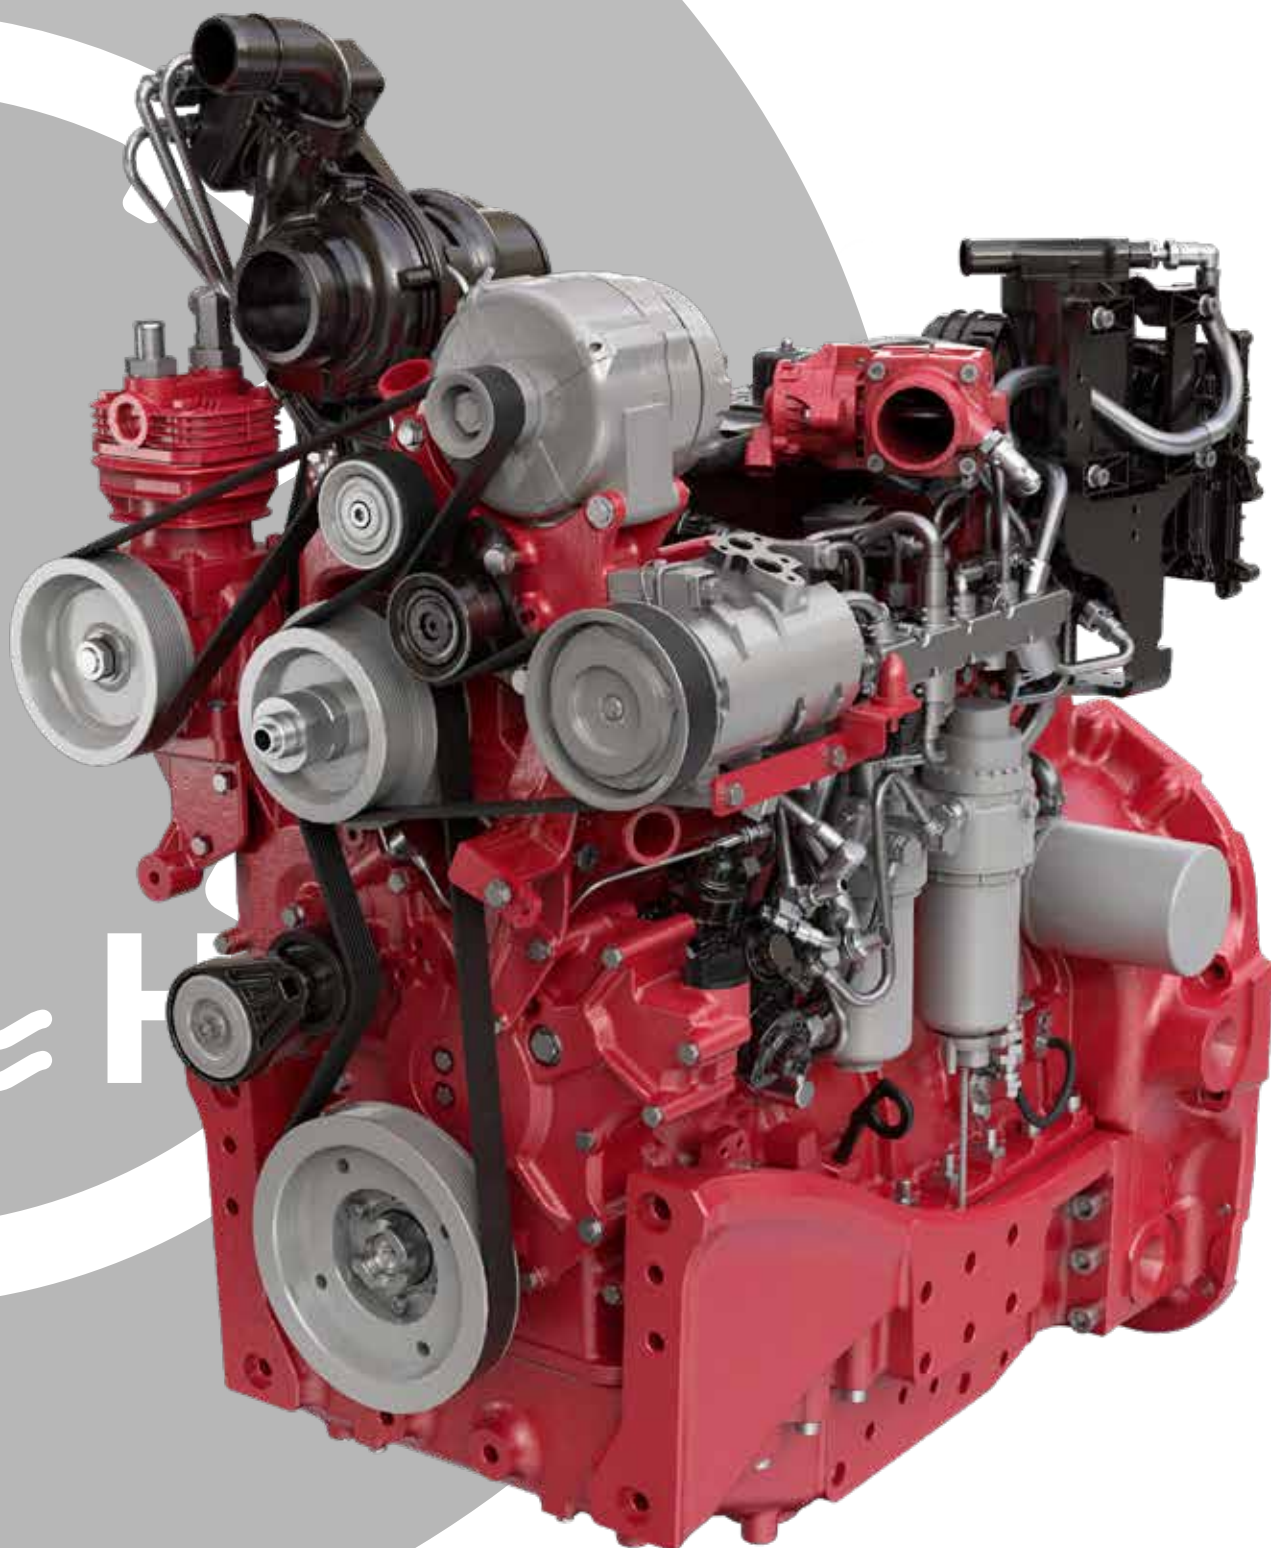

Bruk originale kjølekomponenter og remmer fra AGCO Parts – de er de eneste som er godkjent av Valtras ingeniører.

AGCO Parts har et komplett utvalg av kjølekomponenter og remmer til alle Valtra-maskiner, uansett krav.

**Det originale valget  
er det eneste valget!**
